

Invitation

1st Green Departures Event
June 2, 2023, 12:00 – 14:00
.GUT Am Flughafen 1

.GUT

1st Green Departures Event

CorpPearls and **.GUT Am Flughafen 1** cordially invite you to the 1st Green Departures Event with a celebration of PlattenBaum's first pilot project, a pitch session of sustainable startups, and an investors panel.

CorpPearls is a Berlin-based consultancy boutique focusing on sustainability projects and innovation.

.GUT Am Flughafen 1 is a collaboration center for developing the city of the future at the former Berlin-Tegel Airport.

PlattenBaum brings food production to underused urban spaces. Their Mini-Biosphere is a mobile greenhouse that collects rainwater, harvests solar power and heats with compost. The first unit, commissioned by the city of Remich in Luxemburg, will be internationally launched in the event before departing to its new home.

The event takes place in partnership with the **Business Club Luxemburg – Deutschland**.
